

MITSUBISHI OUTLANDER PHEV

| | | | | |
|--|--|---|------------------|--|
| Model | Drive system | 2.4L 16 Valve inline 4 cylinder DOHC MIVEC ENGINE | | |
| Performance | Engine | 4WD system – 5-AWC | | |
| | Battery | Lithium – Ion | | |
| | Battery voltage | 300V | | |
| | Capacity | 13.8 kwh | | |
| | Number of cells | 80 | | |
| | Regular charging | 5.5 hrs | | |
| | Emission level | EURO 6C | | |
| | Overall length x Width x Height mm | 4695 x 1800 x 1710 | | |
| | Seating capacity | 5 Seater | | |
| | Power | 128 ps / 4500 rpm | | |
| | Torque | 20.3 kgf-m / 4500 rpm | | |
| | Fuel tank | 45 Liter | | |
| | | PLUG TYPE FOR EU | TYPE G, 10A, 5M. | |
| Safety and Security | Edition | L/L | H/L | |
| | Parking brake – electric switch | | | |
| | 18" Alloy wheels | | | |
| | ABS with EBD | | | |
| | Brake assist system | | | |
| | Active stability control system with traction control system | | | |
| | Acoustic vehicle alerting system (AVAS) | | | |
| | EV priority mode | | | |
| | Brake auto hold | | | |
| | Hill start assist system | | | |
| | Low fuel level warning | | | |
| | Forward collision mitigation system (FCM) | | | |
| | Adaptive cruise control system | | | |
| | Miss acceleration preventing system corner sensor 8 points | | | |
| | Blind spot warning | | | |
| | Steering switch for camera | | | |
| | Rear view system | | | |
| | Central power door locks with tailgate | | | |
| | Keyless operation system (KOS) | | | |
| | Tire pressure monitoring system (TPMS) | | | |
| | Dual airbags | | | |
| | Driver's knee airbag | | | |
| | Curtain airbags for first and second row | | | |
| | Drivers and front passengers side airbags | | | |
| | Immobilizer | | | |
| | Theft protection device (horn, turn, signal buzzer) | | | |
| | Connector for quick charger | | | |
| | Normal charging cable | | | |
| | Mitsubishi remote control with charging timer cancel | | | |
| | Exterior | Chrome belt line moulding | | |
| | | Outside door handle chrome | | |
| | | Sunroof | | |
| | | Roof rails | | |
| Power tailgate | | | | |
| Colour Keyed Power door mirrors with side turn lamp and hot wire | | | | |
| LED Front fog lamp (bezel Black) | | | | |
| DRL LED | | | | |
| Rear fog lamp | | | | |
| Dark chrome front grille | | | | |
| Rear spoiler | | | | |
| colour keyed rear silver bumper | | | | |
| Rear combination lamp LED type | | | | |
| Front and rear power windows | | | | |
| Shark fin antenna | | | | |
| Rear mudguard | | | | |
| Interior | | Leather seats 4 way power seat driver's only | | |
| | Tonneau cover | | | |
| | Electric power steering | | | |
| | EV switch on floor console | | | |
| | Eco mode switch | | | |
| | Sports mode switch | | | |
| | Cruise control switch on the steering | | | |
| | Fabric seats | | | |
| | Seat belts for all | | | |
| | Power lumbar support seat for driver only | | | |
| | Seat heater front | | | |
| | EVPS Auxiliary power supply | | | |
| | ISO – FIX child restraint seat anchor x 2 | | | |
| Chrome inside door handle | | | | |
| Audio & Air Condition | Smart phone link display audio with digital audio | | | |
| | Broad cast radio MW/FM radio B Touch display | | | |
| | Multi around monitor | | | |
| | 6 speakers | | | |
| | Hands free switch on steering | | | |
| | Air conditioner dual zone automatic climate control | | | |
| | Air filter | | | |
| | Rear vents | | | |
| | Rear heater duct | | | |
| | AC during charging | | | |

■ Standard – Not available

TOMORROW'S EFFICIENCY TODAY

The innovative Plug-in Hybrid EV system is remarkably eco-efficient. Enjoy zero fuel consumption and zero CO₂ emissions during all-electric driving – as well as an incredibly quiet ride. Or enter e-Hybrid mode to travel even greater distances with low emissions and high fuel efficiency. You can even generate electricity as you drive to enjoy vast stretches of wilderness with total confidence.

INFORMATIVE POWER METER

What is the status of the engine? The motor? The power meter indicates energy usage, regenerative power, engine power (kW), EV range and more for easy confirmation.

CHARGE AND SAVE

Control over battery usage is at your fingertip: command using the integrated SAVE CHRG button. Select SAVE before EV driving to maintain the battery level. Or choose CHRG to charge the battery via engine while driving.

EV Switch

Press the EV switch to enter the EV Priority Mode and help prevent the engine from starting*. It allows you to manually select all-electric driving via Twin Motor 4WD for zero fuel consumption and a quiet ride without engine noise.

REGENERATIVE BRAKING LEVEL SELECTOR (PADDLE TYPE)

Located on the steering wheel, the convenient regenerative braking level selector lets you easily adjust regenerative braking strength to any of six settings*.

S-AWC (SUPER ALL WHEEL CONTROL)

This integrated control system, only available from Mitsubishi Motors, delivers incredible power and control. By optimally managing AYC (Active Yaw Control), ABS (Anti-lock braking system) and Active Stability Control (ASC) with Traction Control (ITCL), it brings out the full potential of Twin Motor 4WD without compromising safety, control or fuel efficiency.

ECO Mode Control

Press for more energy-efficient use of the motors, engine and air conditioning.

SPECIAL PHEV DISPLAY FUNCTIONS

The Multi-Information Display shows various PHEV display functions including driving range indicator, EV Drive rate indicator and energy flow indicator.

ENERGY MANAGEMENT

Efficient energy management allows concurrent use of various power features – including the air conditioner and audio system – even while charging the battery. A screen also displays the current energy flow, expected charging time and more to help you informed.

EASY CHARGING AT HOME AND WHILE TRAVELLING

Simply connect the OUTLANDER PHEV with a power outlet at home to charge the drive battery. You can charge while sleeping in around five and a half hours* with the on-board charger and charging cable. Or use the quick charger to charge in as little as 25 minutes (up to 5.60 capacity) at commercial charging facilities. Charging status is conveniently displayed on the instrument panel.

REGULAR CHARGING

Conveniently charge at home.

QUICK CHARGING

When travelling, use the quick charger to save time.

ELECTRIC PARKING BRAKE WITH BRAKE AUTO HOLD

The parking brake on the floor console is easy to operate via stylish switch. Simply pull the switch up to apply the parking brake or push the switch down to release it while stopping at a stoplight. Brake Auto Hold locks the vehicle stationary even if you release your foot from the brake pedal. Pressing the accelerator releases the brakes.

CHARGING CABLE STORAGE

A storage space beneath the rear luggage area floor is ideal for conveniently storing the charging cable.

AC1500W POWER SUPPLY (PLUG TYPE)

One power outlet behind the centre floor console and another in the luggage area on the lower quarter trim panel provide up to 1500W* of power from the drive battery, enough to run appliances at a campsite or at your home during a power outage.

CHARGING METHODS

Timed charging, Tired air conditioning, Vehicle information/vehicle operation.

CONSOLE FLOOR CONSOLE OUTLET

LUGGAGE AREA OUTLET

KEYLESS OPERATION SYSTEM (KOS)

When carrying the key, you can press a button on the outside of the front doors or tailgate to lock or unlock all the doors and tailgate, and press the power switch in the cockpit to start the Plug-in Hybrid EV System.

INNOVATION WITH A PERFORMANCE EDGE

Dramatic refinement has come to the innovative Plug-in Hybrid EV system, which now features a higher-output rear motor, a more fuel-efficient engine and more sophisticated power management based on unrivalled experience for supreme silence, smoothness and torque.

BLUETOOTH® HANDS-FREE KIT

Keep in touch while keeping safely in control with the hands-free kit. Link your Bluetooth®-compatible mobile phone, and the voice-activated dialer lets you make calls while holding the wheel.

Mitsubishi Power Sound System (MPSS)

Exclusively developed by Mitsubishi Motors, MPSS delivers clean, smooth and fresh acoustics expected of a premium car audio system. Eight speakers, including four glass fibre cloth with aluminium vapour cone door speakers and two titanium dome diaphragm tweeters surround the entire cabin with spectacular sound performance.

POWER LUMBAR SUPPORT

Power Lumbar support offers easy fore and aft seatback pressure adjustment, reducing strain to the lower back to enhance driving comfort. Together with the other seat functions you can select the optimal driving position to match your physique.

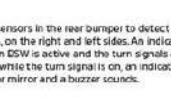

LED HEADLAMPS WITH LED DAYTIME RUNNING LAMPS AND LED FRONT FOG LAMPS

The stylish headlamps feature LED lighting for both the high and low beams. The LED fog lamps illuminate the road ahead with white light.

BLIND SPOT WARNING (BSW)

This safety feature uses radar sensors in the rear bumper to detect vehicles in your rear blind spots, on the right and left sides. An indicator appears in the door mirror when BSW is active and the turn signals are off. When a vehicle is detected while the turn signal is on, an indicator blinks in the corresponding door mirror and a buzzer sounds.

ROOF RAILS

Practically designed roof rails handsomely match the sleek roof.

ELECTRIC TAILGATE

The tailgate can be opened and closed automatically from a switch located near the driver's seat.

KEYLESS OPERATION SYSTEM (KOS)

When carrying the key, you can press a button on the outside of the front doors or tailgate to lock or unlock all the doors and tailgate, and press the power switch in the cockpit to start the Plug-in Hybrid EV System.

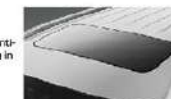

REAR SPOILER

The rear spoiler has been optimised to further improve aerodynamic performance.

ANTI-TRAPPING ELECTRIC SUNROOF

A sunroof with tilt, sliding and anti-trapping features lets you bring in the sunlight and fresh air.

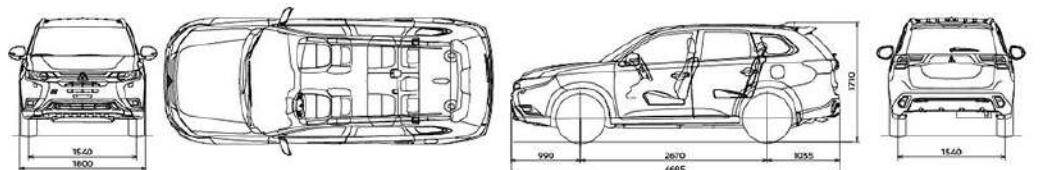

REAR VENTS

Adjustable vents are provided in the rear console to keep rear passengers comfortable.
